PROFESSIONAL PROFILE

Health Professions Educator with over 20 years of experience in undergraduate and postgraduate medical education, spanning anatomy teaching, national licensing examinations, assessment, accreditation, and postgraduate program leadership.

Former Examinations Manager at the Sudan Medical Council, where he led the introduction of computer-based licensing examinations, and former head of assessment and program evaluation units at Jazan University, Saudi Arabia, with direct experience of NCAAA/ETEC accreditation cycles.

Currently coordinates and teaches postgraduate Health Professions Education (MHPE) programs, contributing to program specifications and accreditation proposals approved by Sudanese higher education authorities, while teaching anatomy to MBBS, pharmacy, and physiotherapy students.

Combines educational expertise with data science and generative AI skills to design interactive digital learning resources, licensed online courses, and data-driven assessment systems.

CORE AREAS OF EXPERTISE

Medical & Health Professions Education	Program Evaluation & Quality Assurance
Postgraduate Program Design & Approval	Accreditation Preparation & Documentation
Program Specifications & Academic Proposals	Faculty Development & Training
Curriculum & Program Development	Educational Technology & Digital Learning
Competency-Based Medical Education (CBME)	Generative AI for Education
Student Assessment & Blueprinting	Data Science & Educational Analytics
Item Analysis & Psychometrics	Program Coordination & Administration

PROFESSIONAL EXPERIENCE

Program Coordinator – Master of Health Professions Education (MHPE) | Eastern Sudan University for Science and Technology, in partnership with Avicenna Health Institute (AHI) | 2026 – Present

- Coordinate the online MHPE program, accredited by the Academy of Medical Educators (AoME, UK) at AccreditationPlus level – the first program in Sudan and the third in the MENA region to receive AoME accreditation.
- Coordinate admissions and registration for the December 2026 intake, liaising between applicants, faculty, and the partner institutions.
- Oversee curriculum delivery, assessment, and quality assurance in line with AoME standards.

Program Coordinator & Postgraduate Lecturer – Health Professions Education | University of Sinnar | 2024 – Present

- Lead the development and review of the Master program specifications, curriculum documentation, and academic proposals in preparation for accreditation and formal approval by higher education authorities.
- Coordinate academic and administrative activities supporting postgraduate program delivery, student assessment, and quality assurance.
- Teach postgraduate modules, design learning outcomes, contribute to assessment blueprinting, and develop program-level documentation aligned with accreditation standards.

Postgraduate Lecturer – Master of Health Professions Education (MHPE) | Faculty of Medicine & Surgery, National University–Sudan | 2026 – Present

- Deliver online lectures in MHPE modules, including Curriculum Design and Development in Health Professions Education, and prepare module examinations.

- Designed the program's digital course package: interactive program guide, course specification and timetable apps, and Moodle-ready course resources.

Lecturer – Human Anatomy | Ibn Sina University, Sudan | 2025 – Present

- Teach anatomy to MBBS, clinical pharmacy, and physiotherapy students, including trunk, abdominal, and neuroanatomy courses.
- Prepare and analyse course examinations, producing item and score analysis reports with recommendations for assessment quality.
- Develop interactive lecture apps, exam feedback tools, and online result portals for student self-directed learning.

Lecturer – Human Anatomy | College of Medicine, University of Medical Sciences & Technology (UMST) | 2025 – Present

- Teach human anatomy to undergraduate MBBS students; develop digital study materials and contribute to assessment activities.

Senior Lecturer – Medical Education & Ultrasound Imaging | Jazan University, Saudi Arabia | 2011 – 2023

Assessment & Quality Leadership

- Directed assessment reform: designed blueprinting systems, standard-setting procedures, psychometric analysis workflows, and question banking aligned with competency frameworks.
- Head, Student Assessment Committee (2013–2014): developed assessment policy, blueprints, integrated question construction guidelines, and content validity assurance processes.
- Maintained the college's contribution to the IDEAL (International Database for Enhanced Assessments and Learning) consortium question bank.
- Developed and maintained a local bank of valid and reliable items with metadata tagging (topic, difficulty, competency alignment).

Program Evaluation & Accreditation

- Head, Program Evaluation Unit (2015–2018): defined evaluation models, developed policies and procedures for systematic stakeholder feedback (students, staff, graduates, alumni), reported findings, and drove corrective action planning in line with ETEC guidelines.
- Contributed to curriculum reform, accreditation preparation, and quality assurance documentation for the Faculty of Medicine, supporting the faculty through accreditation review cycles.
- Member, Academic Accreditation Executive Committee – Vice Deanship for Development (2020–2021), supporting the Faculty of Medicine through its program accreditation process (Certificate of Appreciation).

Faculty Development

- Designed and delivered 100+ faculty development workshops covering learning principles, educational objectives, assessment design, blueprinting, MCQ construction, item analysis, validity and reliability, course specifications and reports (NCAAA/ETEC format), and small group learning.
- Recognized as Outstanding Facilitator for CPD workshop sessions (2012–2013).

Teaching & Curriculum

- Taught Professionalism & Bioethics, Radiology, and Ultrasound Technique to undergraduate medical and applied medical sciences students.
- Contributed to the reform of the Early Clinical Experience and Communication Skills curricula.

Administrative Roles

- Head, Documentation Committee – Deanship for Quality and Development (2012–2013); Member, Student Assessment Unit (2011–2015).
- Member, Medical Education Unit; Reporter, Quality and Excellence Unit; Member, Exams Control Unit.

Medical Licensing Examinations Manager / Vice Head, Examination Department | Sudan Medical Council | 2004 – 2010

- Managed national medical licensing examination processes, including computer-based examination systems, question banking, quality review, and performance analysis.
- Played a key role in developing and implementing the Council's computer-based examination system.
- Created and maintained national question banks with metadata tagging; produced candidate performance analytics for regulatory and accreditation bodies.
- Reporter, Accreditation Committee of Medical Schools.

Teaching Assistant – Human Anatomy | Upper Nile University (part-time) 2003 – 2006 · University of Juba, Faculty of Medicine 2001 – 2003

- Taught anatomy to undergraduate medical students; supported practical sessions and student assessment.

DIGITAL EDUCATIONAL PRODUCTS

- **EasyMedLearn.com** – founder of a web platform for health professions educators, organised into Curriculum and Assessment hubs.
- **easy-learns.com** – licensed, device-protected online anatomy courses for medical students, with secure access control and integrated self-assessment.
- **Interactive lecture apps** – mobile-first HTML learning apps (lecture, flashcards, glossary, MCQs) for anatomy, neuroanatomy, radiology, and embryology, used by MBBS, pharmacy, and physiotherapy students.
- **SCORM & Moodle packages** – SCORM 1.2 anatomy modules (e.g., Thorax lab module, Cranial Nerves Clinical Examination) and Moodle-ready MHPE course packages, forums, and assignment rubrics.
- **Live anatomy assessment apps** – openly available self-assessment apps with immediate feedback: Mock Exam (thorax, abdomen, pelvis, embryology, histology), Test Your Understanding, and Clinical Anatomy (see portfolio).
- **Assessment tools** – exam feedback apps, online result portals, and item analysis reports supporting data-driven assessment decisions.

EDUCATION & QUALIFICATIONS

- **Post Graduate Program (PGP) – Data Science & Business Analytics** | McCombs School of Business, University of Texas at Austin | 2025
- **Fellowship – Program Evaluation and Educational Research** | University of Illinois at Chicago (UIC), USA | 2014
- **Master of Health Professions Education (MHPE)** | Maastricht University & Suez Canal University | 2012
- **MSc – Diagnostic Medical Ultrasound** | Al-Zaiem Al-Azhari University, Sudan | 2010
- **MBBS** | Carol Davila University of Medicine and Pharmacy, Bucharest, Romania | 1996

PROFESSIONAL CERTIFICATES & ADVANCED TRAINING

- Generative AI for Natural Language Processing Program – Great Learning, 2025
- Certificate in Assessment of Professional Competence – Maastricht University, 2016
- Certificate in Simulated and Standardized Patients – Maastricht University, 2015
- Certificate of Completion – New Trends in E-Learning – Jazan University & Rollins College, USA, 2014
- Certificate in Advanced Topics in Problem-Based Learning – Maastricht University, 2013
- Certificate in Curriculum and Course Design in Medical Education – Maastricht University, 2012

FACULTY DEVELOPMENT WORKSHOPS DELIVERED

Delivered regularly to faculty at Jazan University and in continuing professional development programmes:

- | | |
|---|--|
| ◦ Principles of Learning & Adult Learning Theory | ◦ Purpose and Methods of Student Evaluation |
| ◦ Construction of Educational Objectives | ◦ Course Specification (NCAAA/ETEC Format) |
| ◦ Principles of Student Assessment & Blueprinting | ◦ Course Report Writing (NCAAA/ETEC Format) |
| ◦ How to Construct High-Quality MCQs | ◦ Small Group & Problem-Based Learning |
| ◦ Common Flaws in MCQ Writing | ◦ Early Clinical Experience & OSCE |
| ◦ Item Analysis & Psychometric Reporting | ◦ Digital Learning & E-Learning Technologies |
| ◦ Table of Specification, Validity & Reliability | ◦ Competency-Based Medical Education |

SELECTED LEADERSHIP & ACHIEVEMENTS

- Contributed to the development and successful approval of two postgraduate programs by Sudanese higher education authorities, including full program specifications, curriculum documentation, and academic proposals.
- Pioneered the development and implementation of the computer-based licensing examination system at the Sudan Medical Council.
- Directed the development of the Assessment Policy, Regulations, and Guidelines for the Faculty of Medicine, Jazan University.
- Led comprehensive program evaluation aligned with ETEC guidelines, driving continuous quality improvement.
- Reformed the Early Clinical Experience and Communication Skills curricula at Jazan University.

- Built standardized question banking systems and rubric frameworks adopted institutionally and contributed to the IDEAL international bank.

RESEARCH & SCHOLARLY WORK

Research interests: medical education research · student assessment and psychometrics · program evaluation · professionalism · team-based learning · questionnaire validity · technology-enhanced learning · generative AI in education.

Peer-reviewed publications:

- Mustafa MME, Alhazmi S, Ayoub RAH, Mobarki SJ, Aljudayba RM, Oberi IA, Moafa SH, Ajeebi Y, El Hassan LAM, **Terair SEA**. Relationship between Learning Styles and Academic Performance in Medical Students at Jazan University, Kingdom of Saudi Arabia: A Cross-sectional Study. *Hail Journal of Health Sciences*. 2024;6(2):112–120. doi: [10.4103/hjhs.hjhs_18_24](https://doi.org/10.4103/hjhs.hjhs_18_24)
- Mustafa M, **Terair S**, Al Ageeli E, Gohal G, Salih S. What are the Attitudes of Medical Students at Jazan University Toward Professionalism? *Advances in Medical Education and Practice*. 2023;14:343–354. doi: [10.2147/AMEP.S399888](https://doi.org/10.2147/AMEP.S399888)

Other research works:

- Evaluation of Team-based Learning as a New Instructional Method in Jazan Faculty of Medicine.
- Students' Course Evaluation: The Use of Factor Analysis in Determining Reliability and Validity of the Questionnaire Instrument.
- Variations in the Anatomy of the Human Thyroid Arteries (anatomy research, University of Khartoum, 2006).
- Sonographic Evaluation of Anterior Knee Pathologies in Sudanese Population (MSc research, Al-Zaiem Al-Azhari University, 2008–2009).

CONFERENCES & PROFESSIONAL DEVELOPMENT

- **Conferences:** AMEEMR 2013 – Quality in Medical Education: Assessment, Social Accountability, and Accreditation (Riyadh); 1st Qatar Medical Education Conference – Improving Quality of Care Through Medical Education (Doha, 2012).
- **Assessment:** Assessment Item Writing – University of Sharjah & IDEAL Consortium (UAE, 2014); OSCE for Formative and Summative Assessment – AMEEMR (Riyadh, 2013); MCQ Item Writing, Assessment & Evaluation, and Improving Medical Licensing Examination – Sudan Medical Council (2009).
- **Curriculum & research:** Competency-Based Medical Education and Milestones; Integration of Basic and Clinical Sciences; Conducting Research in Medical Education – Weill Cornell Medical College in Qatar (2012); Improving Educational Research and Evaluating Clinical Teaching – KSAU-HS (2013).
- **Ultrasound:** Musculoskeletal Ultrasound Workshop – Al-Zaiem Al-Azhari University (2009).

DIGITAL & TECHNICAL COMPETENCIES

Educational technology & digital learning design · Moodle LMS · SCORM/e-learning packaging · interactive HTML/JavaScript learning resources · computer-based testing systems · SPSS data analysis · educational data analytics · generative AI tools for education · GitHub Pages deployment · Microsoft Office · Apple macOS applications.

PROFESSIONAL AFFILIATIONS

- | | |
|---|--|
| ◦ Association for Medical Education in Europe (AMEE) | ◦ Healthcare Data and Analytics Association (HDAA) |
| ◦ Association for the Study of Medical Education (ASME), UK | ◦ Sudanese Medical Association (SMA) |
| ◦ Team-Based Learning Collaborative (TBLC) | ◦ Sudan Medical Council – Registered General Practitioner (Reg. No. 10278, 2000) |

LANGUAGES & VOLUNTEER SERVICE

Languages: Arabic – native · English – fluent · Romanian – fluent.

Volunteer: Health Section, Sudanese Red Crescent Society (1998–2002).
